

1. Have I 2. How do you currently organize your raw ideas or notes 3. What problems do you face while organizing unstructured ideas?			4. Would 5. Which input method would you prefer?	6. For which activities would you use this tool?	7. Which features would you like to see in the mind map generator?	
17/09/2026 22:28:45	No	Notes app	Difficult to identify relationships, Time-consuming	Yes Upload a PDF or document	Study planning, Project planning	The system shall allow a User to share a mind map with other users.
17/09/2026 22:33:37	No	Notebook / Paper	Difficult to arrange ideas, Time-consuming, Difficult to visualize complex topics	Yes Upload a text file, Upload a PDF or document	Study planning, Project planning	To be able to add my mind map To be able to regenerate a mind map
17/09/2026 22:43:28	Yes	Notebook / Paper, Plain text documents	Difficult to arrange ideas, Time-consuming, Difficult to visualize complex topics	Yes Type raw ideas in a text box, Upload a PDF or document	Project planning, Understanding complex topics	It should be able interactive, editable and well organised like a tree or well connected map
17/09/2026 23:09:39	No	Notes app, Plain text documents	Time-consuming, Difficult to visualize complex topics	Yes Upload a text file	Study planning, Project planning	The system shall allow a User to export a mind map as PDF, PNG, or other common formats
17/09/2026 23:22:39	No	Notebook / Paper	Difficult to arrange ideas, Difficult to identify relationships, Time-consuming, Difficult to visualize complex topics	Yes Type raw ideas in a text box	Brainstorming, Study planning, Project planning, Writing outlines, Understanding complex topics	Good UI
17/09/2026 23:40:20	No	Notebook / Paper	Difficult to arrange ideas, Time-consuming	Yes Type raw ideas in a text box, Upload a PDF or document	Study planning, Project planning, Understanding complex topics	The system shall display meaningful error messages when operations fail.
17/09/2026 23:47:08	Yes	Notebook / Paper, Notes app, Other	Difficult to arrange ideas, Difficult to identify relationships, Time-consuming	No Type raw ideas in a text box, Upload a PDF or document	Study planning, Project planning, Understanding complex topics	Create MCQs and viva questions from topics.
18/09/2026 00:41:16	Yes	Mind mapping software	Difficult to arrange ideas, Difficult to identify relationships, Time-consuming, Difficult to visualize complex topics	Yes Upload a PDF or document	Study planning, Project planning	It should be easy to use and also AI generated mind map is itself represent the concept in the structural form and also mind map generator that I want to use has feedback mechanism so that I can get the flexible mind map. And also it has some kind of level of detail attached with it (i.e. if I consider Id as a one parameter which can take value both
18/09/2026 00:48:01	No	Other	No major problems	Yes Type raw ideas in a text box	Study planning, Understanding complex topics	Helps the user see practical usability of ideas they share.
18/09/2026 00:49:24	No	Other	No major problems	No Other	Other	I don't know.
18/09/2026 01:00:07	No	Notebook / Paper, Notes app, Mind mapping software	Difficult to arrange ideas, Difficult to identify relationships, Time-consuming	Yes Type raw ideas in a text box, Upload a text file	Brainstorming, Study planning	It allows use to think in right direction
18/09/2026 07:45:29	No	Notebook / Paper	Time-consuming	No Upload a text file	Project planning	Multiple layouts
18/09/2026 16:04:52	Yes	Mind mapping software	Difficult to visualize complex topics	Yes Type raw ideas in a text box	Study planning	The mind map generator is easy to use and it should able to generate a detail level mind map and also after generating the mind map it give the notes also which explain the mind map and I can edit the mind map and also there is one option where use can create the mind map manually (without use of AI).
18/09/2026 19:03:28	No	Notebook / Paper, Notes app	Difficult to identify relationships	Yes Type raw ideas in a text box, Upload a PDF or document	Project planning, Understanding complex topics	AI-powered idea generation from a topic or prompt Automatic organization of notes into logical branches
18/09/2026 19:09:24	No	Other	Time-consuming, No major problems	No Type raw ideas in a text box, Upload a text file	Brainstorming, Study planning	Good design
18/09/2026 23:37:11	Yes	Notebook / Paper, Notes app, Mind mapping software	Time-consuming, Difficult to visualize complex topics	Yes Upload a text file, Upload a PDF or document	Brainstorming, Study planning, Project planning	Should be able to create mind map from multiple lecture slides automatically connect those topics
20/09/2026 01:08:26	Yes	Notebook / Paper, Plain text documents	Difficult to identify relationships, Time-consuming	Yes Type raw ideas in a text box, Upload a PDF or document	Brainstorming, Project planning	What to do the next after this particular step Flow chart and diagram Tree like structure Connection
20/09/2026 14:12:52	No	Notebook / Paper	Difficult to identify relationships, Time-consuming, Difficult to visualize complex topics	Yes Type raw ideas in a text box, Upload a PDF or document	Brainstorming, Study planning, Project planning, Understanding complex topics	And many more...
20/09/2026 14:58:51	No	Notebook / Paper	Difficult to visualize complex topics	Yes Type raw ideas in a text box, Upload a PDF or document	Study planning, Project planning, Understanding complex topics	Without missing any link, it should be able to think through
20/09/2026 14:59:52	No	Notes app	Difficult to arrange ideas, Difficult to identify relationships, Time-consuming, Difficult to visualize complex topics	Yes Type raw ideas in a text box, Upload a PDF or document	Brainstorming, Study planning, Project planning, Understanding complex topics	-
20/09/2026 15:00:14	No	Notes app	Difficult to arrange ideas, Difficult to identify relationships, No major problems	No Type raw ideas in a text box	Brainstorming	Save the history
20/09/2026 15:03:55	No	Notes app	Difficult to arrange ideas	Yes Type raw ideas in a text box	Study planning, Project planning, Understanding complex topics	May be it should make some chronological order for me of what task or idea to implement or work on first.
20/09/2026 15:04:17	Yes	Other	Other	No Other	Other	Easy to use and it should be quick responsive. It must include all small small info.
20/09/2026 15:14:56	Yes	Notebook / Paper	Difficult to arrange ideas, Difficult to identify relationships, Time-consuming, Difficult to visualize complex topics	Yes Type raw ideas in a text box, Upload a text file, Upload a PDF or document	Study planning, Project planning, Understanding complex topics	AI-based automatic mind map generation, automatic categorization into nodes and sub-nodes, easy editing of nodes, customizable layouts, zoom in and expand/collapse options, saving and managing mind maps, and export options such as PNG, PDF, and JSON.
20/09/2026 15:22:27	No	Notebook / Paper, Notes app	Difficult to arrange ideas, Difficult to identify relationships, Time-consuming, Difficult to visualize complex topics, No major problems	Yes Upload a PDF or document	Study planning, Project planning	AI-generated mind maps, customizable layouts and colors, easy drag-and-drop editing, automatic summarization of notes, export to PDF/image, and the ability to add links, images, and notes to each node.
20/09/2026 15:24:03	Yes	Notebook / Paper	Time-consuming	Yes Upload a PDF or document	Understanding complex topics	Also gives exam related questions
20/09/2026 15:24:38	Yes	Notebook / Paper, Notes app	Difficult to identify relationships, Difficult to visualize complex topics	Yes Type raw ideas in a text box, Upload a PDF or document	Brainstorming, Project planning	AI chatbot
20/09/2026 15:30:19	Yes	Notebook / Paper, Other	Difficult to arrange ideas, Difficult to visualize complex topics	Yes Type raw ideas in a text box, Upload a text file	Brainstorming, Study planning, Project planning, Writing outlines, Understanding complex topics	Voice transcription
20/09/2026 15:36:59	Yes	Notes app	Difficult to identify relationships	Yes Upload a text file	Study planning	Like it know what we think
20/09/2026 15:39:10	No	Notebook / Paper	Difficult to visualize complex topics	Yes Type raw ideas in a text box	Project planning, Understanding complex topics	Real time co-editing, smart auto-keyword, multi-format export, App integration
20/09/2026 15:51:26	No	Notebook / Paper, Notes app	Difficult to arrange ideas, Time-consuming, Difficult to visualize complex topics	Yes Type raw ideas in a text box, Upload a text file, Upload a PDF or document	Study planning, Project planning	All that mentioned
20/09/2026 15:56:23	No	Notes app	Difficult to arrange ideas, Difficult to identify relationships, Time-consuming, Difficult to visualize complex topics	No Type raw ideas in a text box, Upload a text file	Study planning, Project planning, Writing outlines, Understanding complex topics	It can manage ideas efficiently
20/09/2026 18:03:37	No	Notebook / Paper, Notes app, Plain text documents	Difficult to identify relationships, Time-consuming, Difficult to visualize complex topics	No Type raw ideas in a text box, Upload a text file, Upload a PDF or document	Study planning, Project planning, Understanding complex topics	Mind map generator
20/09/2026 18:04:29	No	Notebook / Paper, Notes app	Difficult to identify relationships, Time-consuming, Difficult to visualize complex topics	No Type raw ideas in a text box, Upload a text file, Upload a PDF or document	Study planning, Project planning	Mind map generator
20/09/2026 18:11:39	No	Notebook / Paper	Difficult to arrange ideas, Time-consuming, Difficult to visualize complex topics	Yes Type raw ideas in a text box, Upload a PDF or document	Project planning, Other	auto align shapes design and rearrange everything and also summary making
20/09/2026 20:45:36	Yes	Notes app	Difficult to visualize complex topics	Yes Type raw ideas in a text box	Brainstorming	Reminder system
23/09/2026 11:34:55	No	Notebook / Paper, Notes app	Difficult to arrange ideas, Difficult to visualize complex topics	Yes Type raw ideas in a text box, Upload a text file, Upload a PDF or document	Project planning, Writing outlines, Understanding complex topics	Collaborative editing means multiple users can work on the same mind map.
